Change the way you think about paint.

High performance and easy application...in your choice of colors.

For a wrapping film that combines performance, versatility and convenience, look no further than Supreme Wrapping Films from Avery Dennison. This dual-layer film incorporates color and clear protective layers, providing a smooth, paint-like finish that's both durable and dazzling. What's more, with 46 color options, Supreme Wrapping Films offer more choices than ever before to meet your needs.

This enhanced film technology ensures excellent conformability, and adheres well to deep recesses. Supreme Wrapping Films are also available in a 60" width, which allows hoods, roofs and side panels to be applied with one piece of material for faster application and a higher quality result. Incorporating Easy Apply™ RS technology, Supreme Wrapping Films provide repositionability and slideability, saving valuable installation time.

Curve, conform, print and cut – Supercast Films meet any screen and cut need.

When you need graphics that can tackle difficult shapes, curves and crevices, Avery Dennison® 900 Supercast Series Films produce the best in screen and cut applications. The Supercast 900 Series incorporates a new 2.0 mil gloss cast formulation, offering you the industry's best in 3D conformability performance, improved gloss and durability.

Supercast 900 Series Opaque Films provide design options that meet most any application need.

Benefits:

- > Exceptional when used in 3D vehicle and architectural applications
- > Faster, easier installation without the need for primer
- > Easier processing, saving you time and money
- > Smooth, paint-like finish
- > Long-lasting graphics

Supreme Wrapping Films

Dual-layer film incorporates color and clear protective layers, providing a smooth, paint-like finish that's both durable and dazzling. Ensures excellent conformability, and adheres well to deep recesses. Up to 60" width roll sizes are available for select colors. Visit na.averygraphics.com for full product details and information.

Film Type	Dual-layer
Adhesive	Long-term removable
Liner	EZRS
Conformability	Curves and deep recesses
Converting	CAS
Durability	Up to 12 years

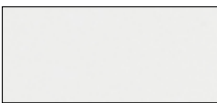

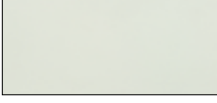

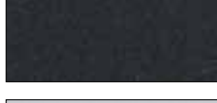

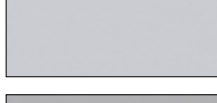

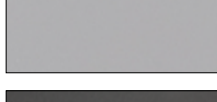

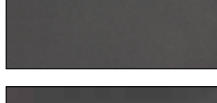

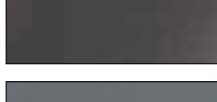

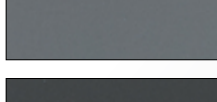

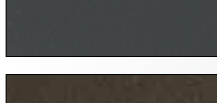

Key Features:

- > Outstanding durability and performance
- > Excellent conformability around curves and recesses
- > Provides colored film and protective layer in one piece construction
- > 46 color/finish combinations
- > Available with Easy Apply™ RS technology
- > Available in 60"x 50 yd. and 60"x 25 yd. roll sizes

Key Benefits:

- > More design options
- > Apply with one piece of material – fewer seams
- > Faster installation, higher quality results
- > Excellent long-term removability

Features

- > 2.8 mil calendered vinyl with Kraft liner
- > Superior dimensional stability
- > Excellent UV, temperature, humidity and salt-spray resistance
- > Select colors available with specialized adhesives and liners
- > Up to 6 year durability

Benefits

- > Easy cutting and weeding saving time in conversion
- > Wide variety of color options
- > Multiple adhesive/liner combinations give flexibility to fit multiple applications
